make^{it} up
international make-up artist show

MEET 2012 is once again being staged in parallel with Make It Up (MIU – the fair for makeup artists) as well as a trade convention.

In 2010 this event with a wide range of products and services from 85 exhibitors attracted over 1,600 visitors during the three-day fair. For the first time ever, the fair also drew trade visitors from the neighbouring countries of Slovakia, the Czech Republic and Hungary. The success of this sophisticated event was due not least to the presentation of a wide range of products needed by both engineers and artists in the events industry.

This successful concept will be implemented once again at the **14th MEET and 2nd MIU** in 2012. As at the previous fair, a combination of products for the technology sector and specialities for make-up artists will motivate many visitors from the theatre world and events industry to attend this event. Besides the newly obtained guests from the new EU states, visitors from Slovenia have also been invited.

One new feature will be the longer opening hours of the fair, which will be open till 7 p.m. on Wednesday and Thursday at the request of exhibitors.

Admission will once again be **free of charge**.

OETHG will once again be especially pleased to welcome many exhibitors and visitors to **MEET & MIU** for this event with a first-class trade programme.

Audio, video, communications engineering, lighting technology, stage construction and technology, rigging, pyrotechnics, theatre equipment, decoration and props, equipment hire, costumes, make-up requirements, trade fair stands, musical instruments, production, supporting programmes, tent hire and all other subcontractors to the theatre and events sector, as well as associations and institutions (AUVA, HBLA, chambers of commerce, ..).
